Call To The Nations

Reaching the Unreached People Groups of the World

Matthew 24:14

What is Call To The Nations?

Call To The Nations is a ministry dedicated to reaching the unreached people groups of the world. Matthew 24:14 says, "And this gospel of the kingdom will be preached in all the world as a witness to all the nations (Greek ethnos: a race, a tribe), and then the end will come."

We are part of a worldwide movement called The International Church of the Foursquare Gospel and are currently in the process of relocating to the country of Ecuador.

Unreached People Groups

A people group is defined as a group who share a common language, customs, history, or other characteristic which gives them a shared identity. A group is considered unreached if they can not evangelize their own people without outside help.

According to Mission Maker Magazine, there are still 13,000 unreached people groups out of a total of 27,000 groups.

Reaching an unreached group is not simply a matter of bringing in Bibles and telling people to believe in Jesus. In many cases, there is a mistrust of outsiders due to injustices done to the group. In nearly every case, there are many cultural and relational barriers which block any form of evangelization. These barriers are best bridged by simple acts of love and kindness.

Over a period of time, usually some years, a relational bond is developed which may open the door to sharing about God. Since this process takes a long time to develop, no individual or church can realistically hope to reach more than one or two groups.

This is where Call To The Nations comes in. Our vision is to raise up pastors. These pastors will then be sent out to start a church and to focus on one particular people group.

We have gained valuable experience through our involvement with Christian Life Center's ministry to the Hopi (Arizona) and Zuni (New Mexico) pueblos in the Southwestern United States as well as in Cambodia.

Those experiences are irreplaceable as we endeavor to bring the gospel to some of the many unreached people groups in Ecuador and Latin America.

You can help!

We are currently raising \$30,000 to obtain a resident visa which will allow us to stay permanently as well as the \$1000 to \$1200 monthly support needed to live. Our timeframe for the move is the first half of 2008.
